

VOTE FOR STEWART, HICKEY & MANN

JANUARY 19, 1985

As members of the NHCC faculty, you have an insider's perspective on the state of the College to which the present Board has brought us. Every two years those of you who live in the District have the opportunity to assess that state and vote either to continue with the present trends or to select Trustees who represent our hopes for something better. The NHCC United Faculty believes that we can do better -- for our students and for ourselves. Don Stewart, Perry Hickey, Jr., and Blaine Mann have received the union endorsement for their stands on the following issues.

Under the present Board, the College . . .	STEWART, HICKEY & MANN . . .
